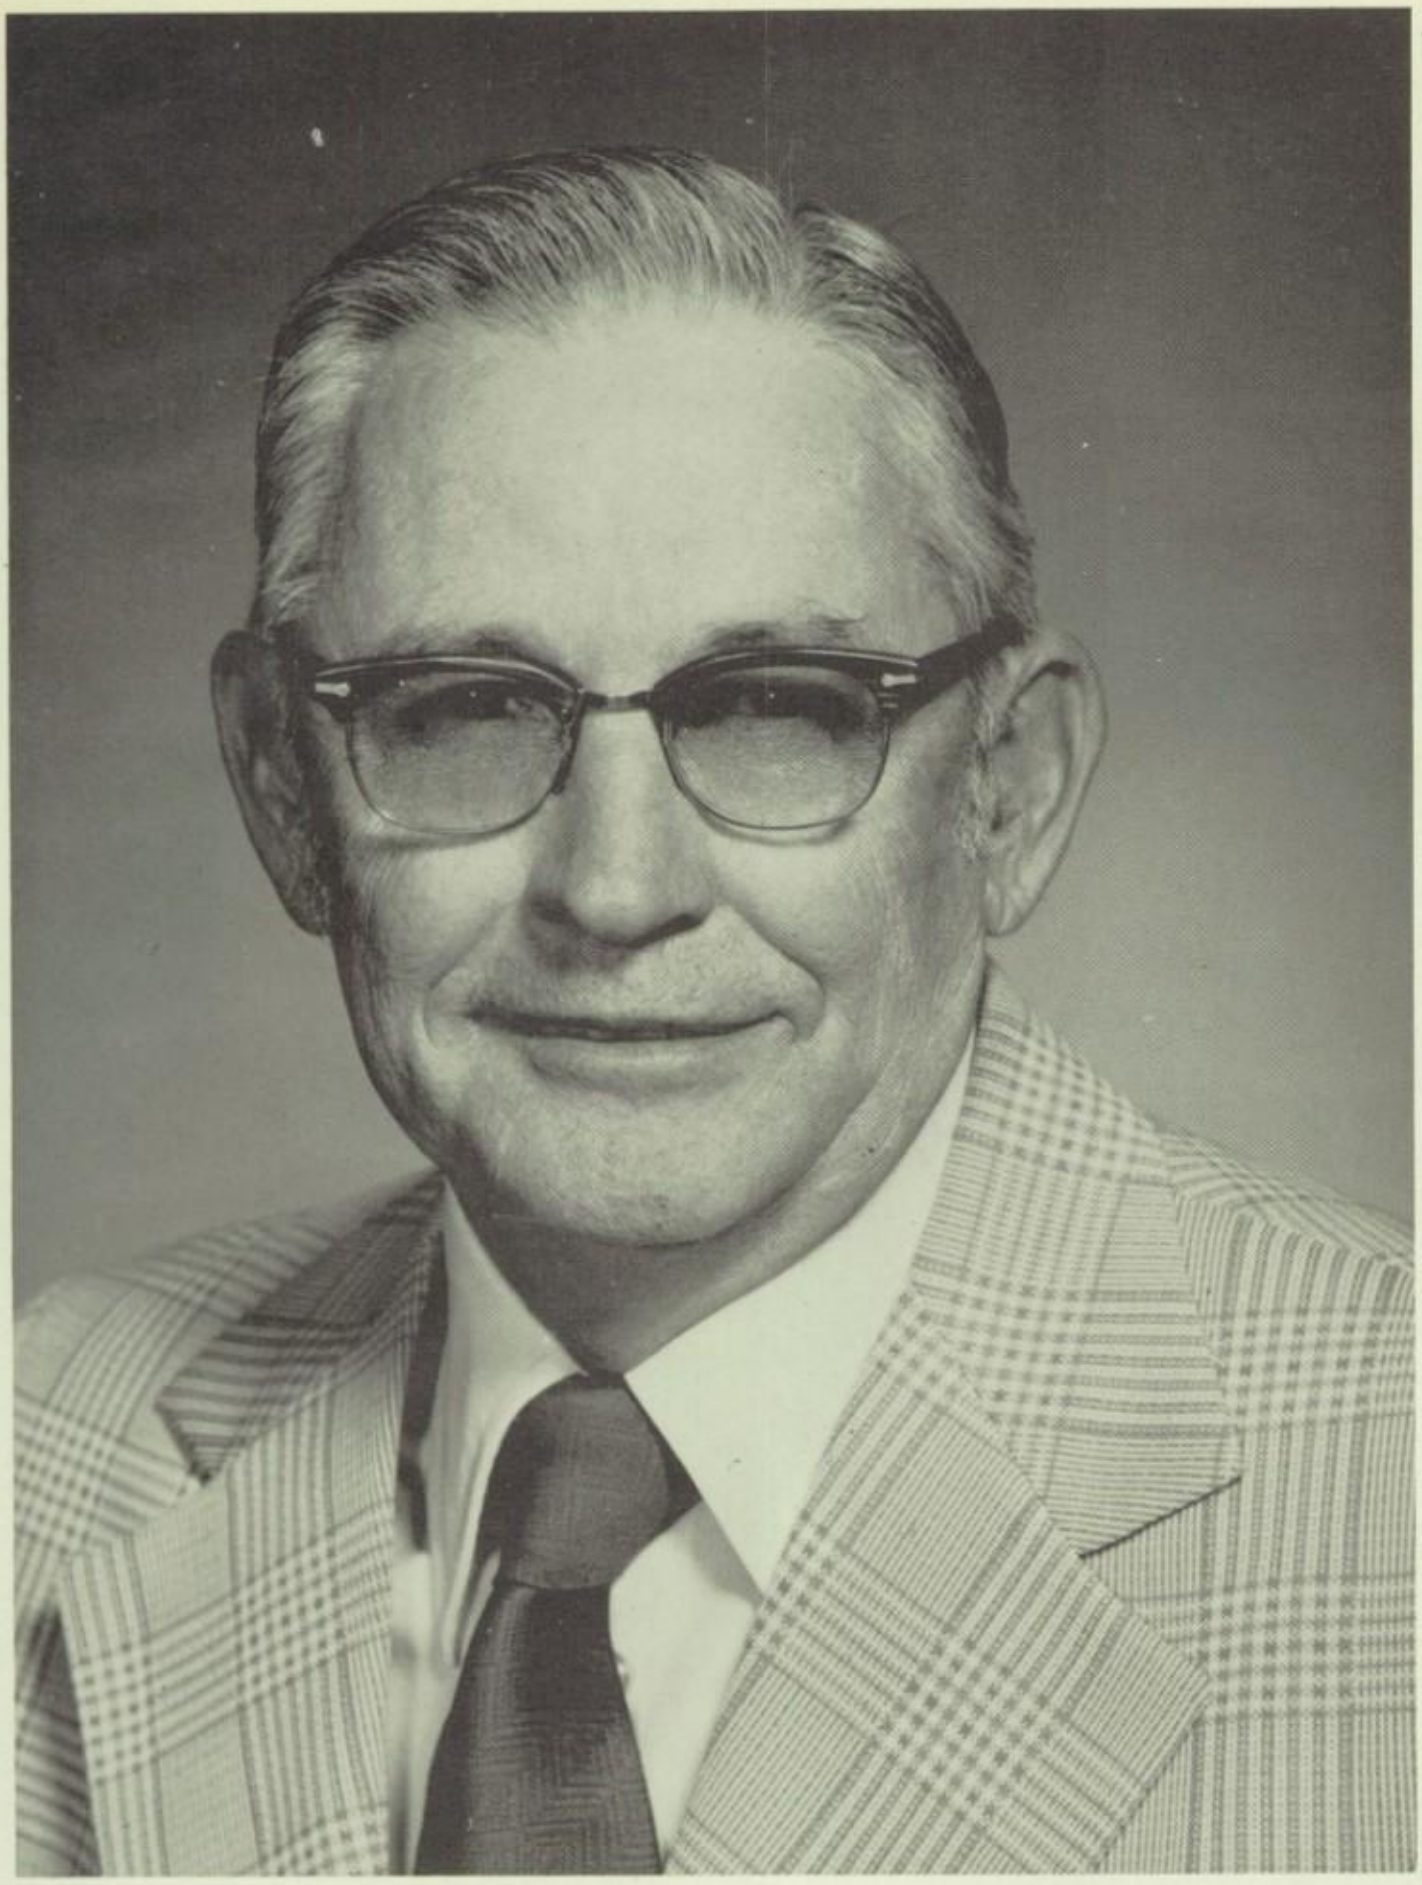
Dedication



Mr. Charles Cox

The Bruin Staff proudly dedicates the 1976 Bruin to Mr. Charles Cox in his last year as an instructor at PHS. Mr. Cox has taught in Pawnee for 29 years. His dedication to his work has been an inspiration to his fellow workers and an invaluable aid for his students.

Mr. Cox is not only an outstanding teacher, but is also a wonderful person to know.

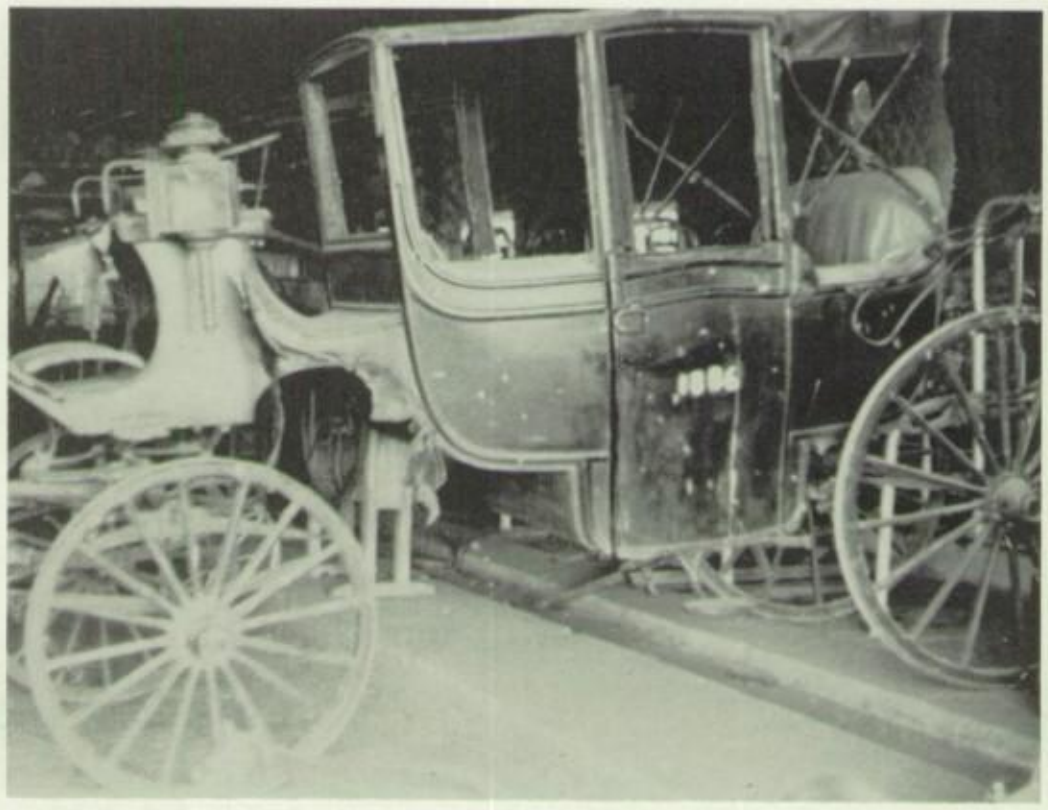
Thank you, Mr. Cox, for your years of service to Pawnee.

Mr. Cox discusses his work with Senior High Principal, Mr. Jim Childers.

This hand pump supplied the water at a school in early days.

As our nation celebrates its Bicentennial, we look back at the history of Pawnee High School. Of course, there was no Pawnee in 1776. In 1875 the Pawnee Indians were moved to this area from Nebraska. Blacks and whites came to the area later. A document dated 1894 from President Grover Cleveland shows that three men were given permission to establish a town on 316 acres of land on the banks of Black Bear Creek in Q County, Oklahoma Territory. Three schools were in operation in Pawnee until the 1950's when the Pawnee Indian Board School and Lincoln closed with students residing in Pawnee attending the same school after that. The first

As farms grew larger, houses such as this one were abandoned.



Transportantion is different in 1976. Not even the trains stop in Pawnee.

Houses too have changed over the year, but how many famous people lived in such as this?

graduating class at Pawnee High school was in 1903. As the years passed and the world changed, more and more schools became a part of Pawnee. Such rural schools as Maramec, Blackburn, Skedee, Daisy, Olive Hill, Union Star, Crescent Star, Lela, Masham, Lone Jack, Union Valley, Prosperity, Diamond Laird, Victor, Pleasant View, Hopewell, Lone Chimney, Valley, Prairie View, Blue Valley, Duff, Silver Creek, Spring Creek, Skedee Valley, Star A Star, Oak Grove, Fairview, and Pleasant Valley became a part of the Pawnee School District.

The pictures on these pages show a few of the things

in our heritage. The old schools, the abandoned houses, the statues - each could be a story. Many values were made in those schools. Many dreams were dreamed in those houses. The people who participated in all that and their ancestors who followed have contributed to what Pawnee High School is today.

The selection of our town as a Bicentennial city points out what an important part this area has played in the building of our country.

What we do in 1976 will become a part of history in the future. We can look back with pride and forward with anticipatiton.

Ours is a land of many different kinds of people with

many different backgrounds. Our school too has been formed from many different backgrounds and people. This is our land; this is our school.

Let's continue to make records at Pawnee High School of which future generations can be proud. We can hope that in 2176, the students at Pawnee High School can look back to what we did today and say, "Those people in 1976 set good standards for us to follow."

This year the Student Council has been very active. There have been many good duties they have been responsible for. They changed the outside bulletin board and did a good job on keeping it up to date. They also joined forces with the Community Action Planning office and winterized some houses in Pawnee. They did the work while the CAP office furnished the funds. We hope to be as active next year.

The Bears were mighty in 1975, and went to the State Semi-Finals. Their only losses came to State Championship teams. From the thrilling comeback against Cleveland to the great effort against Beggs, this was a season to remember. Determination, desire, spirit, and hard work all played a part in helping this fine group of young men reach the level of achievement they reached. When they were behind they never gave up; when they were ahead they never became complacent. We are proud of the Bears of 1975.

Jack shoots from the corner and scores.

The Bears got a late start because of the football playoffs, but quickly caught up to post a 14-7 regular season record. The seven losses were all by 5 points or less and came in the early part of the season. The team fought back to claim the conference championship with outstanding games against Fairfax and Shidler. Some of the players were named to the All-Conference team.

Girls Finish Second In Conference

Coach Garner discusses the first half with Renee and Renee.

The girls' basketball team finished in a tie for second place in the tough North Star Conference. Highlights of the conference season were the two wins over Fairfax and the 37-36 win over a big Shidler team in the final conference game of the season. Some of the team members were named to the All-Conference team. The girls posted a winning record during the regular season, even though they had some disappointments in a few games. Bright spots in the season for the seniors were Karrie's free throw shooting and the good defensive job of Renee D., Renee G., and Rayma against those good Shidler forwards.

Mr. And Miss PHS

DANNY BEARDSLEY AND RAYMA BURNETT

Mr. and Miss PHS are selected by vote of students in grades 9 through 12. The finalists represent the three top boys and girls in school participation.

Mr. And Miss PHS Attendants

JERRY DAY AND RENEE GARNER

The six finalists for Mr. and Miss PHS were selected for their participation in school activities. Danny, Jerry, and Jack were all members of our football team, have served as class officers, and are members of many school organizations. Renee, Rayma, and Tammy have also been in many organizations where they took an active part. Each has served as a class officer. Tammy and Rayma are cheer-

leaders, and Renee is a member of the basketball team. Jerry and Jack also participated in basketball. Each of these students has a lot of school spirit and are good citizens. It is an honor to be selected as one of the finalists because it means that your fellow students think you have done a lot for the benefit of your school.
